

Medium Duty Tote or Drum Mounted DEF Dispensing System

SPATCO® 's basic Medium Duty Pump System offers quality construction and durability at an affordable price . The stainless steel mounting plate allows you to dispense fluid from a drum or tote and an optional closed transfer system enables you to refill the drum from a tote or bulk tank without compromising the fluid purity.

Standard Features:

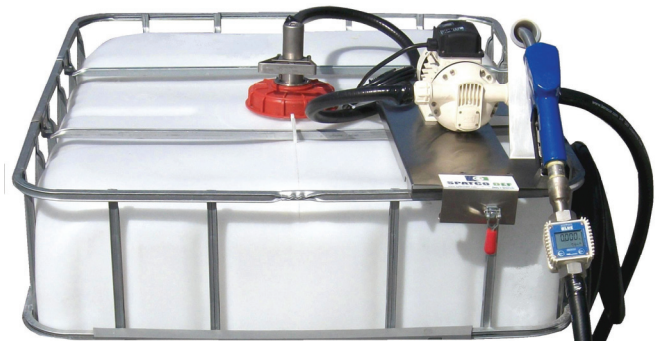

- Universal mounting plate for drum or tote
- Self-priming pump with thermally protected motor
- Stainless Steel automatic shut off nozzle
- 4' suction hose, 12' discharge hose
- Micro-Matic RSV coupler
- Dispensing Nozzle Flowrate = 5-8 GPM

Options:

- Resettable Turbine Flow Meter

Benefits:

- Pre-wired and plumbed, ready to use out of the box
- Closed system to maintain DEF purity
- Universal stainless steel mounting plate works with either drum or tote

* Photo shows optional turbine meter.

The SPATCO® DEF Tote or Drum Mounted Dispensing System is available for purchase by contacting your local distributor or calling (866) 9 SPATCO.

ABOUT SPATCO® DEF

SPATCO® has been an industry leader since 1935, providing a complete line of equipment and services for storing, pumping, mixing, and metering petroleum and industrial liquids.

Our customers include commercial and private fleets, municipalities, school and city bus garages, trucking companies, agriculture, construction, and retail truck stops.

We have the most extensive network of qualified distributors throughout North America who provide sales, installation, and service for our DEF dispensing equipment. To locate a distributor in your area, visit www.spatcodef.com/distributors.
