

# Heavy Duty Enclosed Pedestal & Pump Stand DEF Dispensing System

SPATCO's Pedestal Dispensing System can be used with drums, totes or bulk tanks. This unit provides a closed fluid dispensing system, to maintain product purity and is best suited for indoor applications.

## Standard Features:

- Heavy duty pump can feed multiple dispensers
- Stainless steel nozzle with automatic shut-off and full nozzle boot
- Resettable Positive Displacement Gear Flow meter and output pulse for connecting to fleet management system
- Spring retractable hose reel with stainless steel internals
- 1 micron filter with cartridge
- Electrical: 120V, single phase
- Dispensing Flowrate = 7-10 gallons per minute

## Options:

- Separate heavy duty pump for dispensing to multiple refill stations
- 60 watt heater with thermostat
- 15 ft chemical grade polyethylene lined hose
- Stainless steel auto shut-off nozzle with magnetic mis-fill prevention

## Benefits:

- Expands with your fluid needs, use with drums, totes or bulk tanks
- Remotely mounted pump feeds multiple dispensers
- Compact footprint and lockable enclosure
- Closed system maintains product purity
- Pulse output for use with card systems

The SPATCO® DEF Pedestal Dispensing System is available for purchase by contacting your local distributor or by calling (866) 9 SPATCO.
