

DEF Dispensing Cart and Transfer System

SPATCO's new drum trolley system offers portable DEF dispensing from a 55 gallon drum that is mounted on a rolling trolley cart. An optional closed transfer system allows you to refill the drum from an IBC or tank without compromising the fluid purity. The drum trolley is then rolled to the fueling area for truck fill, as needed. Our industry-first cordless, rechargeable battery option offers the most portability of any DEF dispensing system on the market.

Standard Features:

- Portable carrier for 55 gallon drum
- Positive Displacement Diaphragm Pump
- Closed loop dispensing system for DEF product
- Powder Coated Carbon Steel frame construction
- Four pneumatic wheels with manual rear brakes
- Pre-wired and plumbed, ready to use out of the box
- Stainless steel automatic shut-off nozzle
- Electrical: 120V, 1 Phase
- Dispenser Nozzle Flowrate: 6-8 GPM

Options:

- Closed-loop transfer system allows you to refill drum from an IBC or tank
- Positive Displacement Gear Flow meter
- Mounted inline filter housing with 1 micron filter
- 12V rechargeable battery operation

Benefits:

- The trolley's portability allows you to move the system to new or lower volume facilities and is perfect for fleets of any size.
- The industry's first cordless, rechargeable dispensing system

The SPATCO® DEF Dispensing Cart is available for purchase by contacting your local distributor or by calling (866) 9 SPATCO.

ABOUT SPATCO® DEF

SPATCO® has been an industry leader since 1935, providing a complete line of equipment and services for storing, pumping, mixing, and metering petroleum and industrial liquids.

Our customers include commercial and private fleets, municipalities, school and city bus garages, trucking companies, agriculture, construction, and retail truck stops.

We have the most extensive network of qualified distributors throughout North America who provide sales, installation, and service for our DEF dispensing equipment. To locate a distributor in your area, visit www.spatcodef.com/distributors.

Don't be restricted
by power cords!
